Swale Foodbank

We don't think anyone in Swale should have to face going hungry. That's why we provide three days' nutritionally balanced emergency food and support to local people who are referred to us in crisis. We are part of a nationwide network of foodbanks, supported by The Trussell Trust, working to combat poverty and hunger across the UK.

Locations

Here are the opening times and locations for our foodbank centres.

Everyone who comes to the foodbank for emergency food needs to have a valid foodbank voucher.

They can help address your crises and provide support to maximise your income, help you navigate the benefits system, and identify any additional grants you could be entitled to. If needed, they'll issue you with a voucher so you can get an emergency food parcel from your local food bank.

We have 4 centres currently open – each centre runs at a different time and a different location.

Mondays: Net Church, East Street, ME10 4BL. Open 12.30pm-2.30pm

Tuesdays: Holy Trinity Parish Hall, Church Street, Sittingbourne ME10 3EG. Open 12pm-2pm

School Governor Wanted

Do you have a background in education? Perhaps you are a retired teacher or teaching assistant?
Would you like to use your skills and experience for the benefit of local children?

Lower Halstow and Newington CEP Schools Federation is hoping to co-opt a new governor from the local area following the retirement of our long-standing curriculum governor.
This is a voluntary role as link governor for curriculum (Quality of Education)

The governing body of the federation has 3 main roles.

Setting the strategic direction

Overseeing financial performance

Holding the school leadership accountable.

The curriculum governor should be able to:

Attend governor meetings: 4 Full Governing body meetings and 3 committee meetings a year
(early evening: approximately 2 hrs each)

Undertake visits to school during the day: 6 school visits of approximately 2 hrs.
more are welcome if you are able!

Ideally the curriculum governor should have:

Experience of working in or with schools (does not need to be recent)

Knowledge of the current national curriculum or a willingness to learn

However, if you are really passionate about education and the curriculum and willing to learn,
we'd still love to hear from you.

Full induction/training on the role of a school governor is provided by KCC

For an informal chat about the role, please get in touch with the school office and leave your contact details and a governor or school leader will get back to you.

Mark your property to deter burglars

Property Marking

A determined burglar can be difficult to discourage. Good-quality doors, windows and locks are excellent deterrents, but there's even more you can do to stop burglars in their tracks.

Mark it

Make your valuables less attractive to thieves by using a property or police approved forensic marking solution only visible under Ultraviolet (UV) light. This can take the form of a special marker using ink or paint. Mark or etch your property with your postcode, house or flat number or the first three letters of your address. All of these measures help police identify stolen goods, making it harder for thieves to sell. So make your mark.

And property marking isn't only for things like electrical items and bikes, you can also mark high value belongings like antiques. However, we recommend that you seek specialist advice.

Register your property for free on www.immobilise.com – it helps the police identify the owners of recovered property. You can register anything that has a serial number with Immobilise.

Record it

Register your valuables using an accredited property database.

Take photographs and keep documents like receipts related to your property so you can prove ownership.

Register your bike

If you value your bike, then register it with www.bikeregister.com. The prominent stamp acts as a great deterrent.

Flag it it

If you value it, then mark it as protected. Window stickers and signage are extremely effective and are proven to be a powerful deterrent against burglary.

If you would like a property marking kit please pop into Sittingbourne Police Station front counter where we will provide you one.

Welcome to Table Tennis at Newington Village Hall

Table tennis came about in Newington when Sturdee, a team in the Medway League, had to move venues in 2013. They were playing at the Foresters Hall in Sturdee Avenue, Gillingham, but due to the Foresters Friendly Society, who owned the property, selling the hall for redevelopment, they were forced to move. The then Sturdee Secretary, Ted Tydeman, approached the Village Hall Committee about using it as a venue as he was living in Newington at the time.

Sturdee had been playing at Foresters Hall since 1946 and played in the Medway League ever since, winning the league title for many years, and had up to, at its peak, some eight teams. Since moving to Newington, Sturdee have had up to three teams in the Medway League.

Since 2018 Ted Tydeman decided that the club could put teams in the Sittingbourne League as well as the Medway League, which allows player more opportunities to play matches, so one team was entered to start with. We have since progressed to now entering three teams in Sittingbourne League with the two in Medway League.

With the demise of most sports and the loss of venues it is proving difficult to maintain membership levels, especially from younger players who have many more sports activities to choose from.

In the last few years in the Sittingbourne League the Club has won the Summer League Division One; achieved Runners-up in Division Three; and come Runners-up in the Winter League Division Two.

So why not come along and try yourself as we are able to offer newcomers of all standards, from novice to expert, a game and, who knows, you might like it and want to join us regularly.

Newington History Group

Relive the days of variety theatre and music halls through stories and sounds at Newington History Group's monthly talk on Thursday, November 28 (7pm) in the Village Hall.

It will be presented by Wilf Collar, whose mother was a theatrical landlady in Chatham.

Wilf grew up knowing personally some of the most famous names during the final days of variety theatre. Shows changed weekly on the theatre circuit and Wilf gives an insight into the notorious theatrical landladies and often horrendous digs where the artists stayed.

The talk is open to everyone. Visitors £4 at door, NHG members free.

On Thursday, December 19, Simon Marsh will talk about Britain's first 'Light railway', the Kent and East Sussex Railway.

For more details about NHG's work, the talks and membership visit the website newingtonhistory.uk or call 07506 239970.

We have a varied monthly programme which may include guest speakers, or craft activities, quizzes, competitions and a chance to natter to your new friends, over tea or coffee and cake or biscuits. We meet 11 times a year in Newington Village Hall ML97JJ on the 3rd Thursday of the month 7pm–10pm (7.30pm start) Except for a holiday in August, then in December when it is the 2nd Thursday for a Christmas meal.

Appeal from PC Jez Chittim

I still get regular complaints about off road bikes, mainly travelling along Bull Lane and Church Lane, however I still don't have names of those involved. There have been some complaints of a male with a small girl sitting on the front of an off road bike riding along Church Lane and Denham Road. I really want to know who these people are so that I can stop a serious incident occurring. People can report anonymously if they are more comfortable doing this via crime stoppers or by getting in touch with me via

Incident of Note

- Ongoing issues being reported about Fernham Homes construction traffic. Please can any complaints be made directly to planningsupport@midkent.gov.uk I have managed to get planning to request that all construction traffic is during school hours and so hopefully does not clash with the school drop offs or pickups. The primary reason for this is the safety of parents and children, however it hopefully eases congestion a little.
- Further nuisance vehicle reports of quad bikes and dirt bikes but unfortunately still no names being reported. Please can I remind people that they can anonymously report to me via My Community Voice or Crimestoppers and if I get names of those with off road bikes and quad bikes, I will pay them a visit.
- Owing to numerous residents reporting a vehicle carrier parked badly on Playstool Road and providing me photographic evidence of this, I was able to locate the owner and get the vehicle moved. Whilst I can't be there all the time, if people report these issues to me, I can often retrospectively take positive action. Thank you to those who reported these issues.

Halloween

- Firstly, I hope all those who enjoy this time of year and have young families who may like dressing up in scary costumes, have a safe and enjoyable Halloween. Those parents and carers who may have slightly older children

Rogue Traders/Bogus Tradesmen

Bogus tradesmen, door-to-door sales or doorstep fraud involves fraudsters trying to scam you after knocking at your door.

Legitimate doorstep selling involves someone selling you goods or services in your home or on your doorstep. Many honest businesses use this technique – but so do fraudsters.

Buying on your doorstep can be convenient. However, a salesman who uses clever tactics can pressurise you into buying something you actually don't want or something that's poor value for money.

Door-to-door frauds can take many forms, including:

- pressure selling
- unfair contracts
- overpriced or substandard home maintenance or improvements
- phoney consumer surveys
- bogus charity collections.

Such frauds involve promoting goods or services that are either never delivered to you or are of a very poor quality. Fraudsters may also bill you for work that you didn't agree to. There are specific laws about door-to-door sales. Many are required to give you a 'cooling-off' period (where you can change your mind or request your money back). Bogus tradesmen will offer none of these, and even if they do, you can be sure their 'guarantee' will not be honoured.

Bogus salespeople will provide false identity or contact information, making it impossible for you to identify or contact them. If you've paid them in advance, you won't get your money back.

Even if your bank or insurance policy covers any loss, you'll still have to contend with a damaged credit rating, continued correspondence over a prolonged period to repair the damage, and the emotional distress and anxiety identity theft can cause.

Also, be wary of opening your door to a potential burglar or someone who wants to get inside your property to enable other people to break in. Once they get through your door, fraudulent salespeople can take note of your valuables and any security measures you have in place.

The victims

Victims are often vulnerable, elderly and/or isolated people who know nothing of these scams and so are trusting of anyone who is friendly or seems knowledgeable and genuine. After they have become a victim, they often feel ashamed and/or scared and so don't tell anyone. This not only means the original scam goes unreported but it also makes it easy for the rogue trader to return for more. The stress of the victim's shame or fear may also go on to cause physical or mental health problems. And even if the traders are reported they are often untraceable as they will have given the victim false contact details or none at all.

Are you a victim of bogus tradesmen fraud?

- You've bought faulty, overpriced or substandard goods or services from someone knocking at your door.
- You've paid for these goods or services by credit or debit card.

What should you do if you've been a victim of bogus tradesmen fraud?

- Report it to Action Fraud.
- You can report the salesperson to the Citizens Advice on 0808 223 1133. or to the National Trading Standards if you believe they have sold you faulty, inferior or overpriced products or services.

Similarly, you can seek advice from Citizens Advice about the terms and conditions of any agreement or contract you may have signed.

- If you've made the payment by credit/debit card or by cheque, contact your credit card company and/or bank and advise them that you're a victim of improper door-to-door sales techniques and your identity or financial details may have been compromised. They'll advise you on cancelling payments and ensuring your finances remain secure.

RECYCLING INFORMATION FOR RESIDENTS

What is contamination?

- It is placing non-recyclable materials or items into your blue recycling bin/clear sacks.
- It is placing items into your recycling bin/clear sacks which have not been emptied or rinsed well enough.
- Placing recycling in black sacks is also classed as contamination as we are unable to see the contents inside the bag. **Placing recycling into the bin loosely is preferred, please do not use carrier bags or white sacks to dispose of your recycling in your blue bin.**

Please help by following the 3 Simple Steps to getting your recycling right:

- **STICK TO THE DRY RECYCLING LIST ONLY:** Paper and cardboard, glass bottles and jars, metal food and drinks cans, foil, plastic bottles, tubs, pots and trays
- **MAKE SURE ALL RECYCLING IS CLEAN BEFORE IT GOES INTO YOUR RECYCLING BIN/CLEAR SACKS:** You do not need to use clean water for this. Once you have finished washing up, just give the recycling a quick rinse before putting it in your blue bin or pop it in your dishwasher!
- **DO NOT PUT ANY OF THE TOP 4 CONTAMINATES IN YOUR RECYCLING BIN/CLEAR SACKS**
 1. Nappies/Sanitary Items
 2. Textiles/Electrical Items
 3. Black sacks (we cannot empty bins where recycling is in black sacks)
 4. Food/Unclean containers

Please see the full list of what you can recycle on our website:

www.swale.gov.uk/recycling-blue-bin

or by using the QR Code

New year, new Challenge?

Volunteer befrienders needed in your local community!

Our wonderful team of volunteer befrienders already make a huge difference in the lives of the local people they visit.

Each week a befriender and their “friend” might enjoy a chat and a cuppa together or perhaps play a game, do puzzles, swap stories and hopefully enjoy some laughs. This should be an hour a week for both parties to look forward to. Befrienders are also a valuable set of eyes and ears to spot potential problems and can work in conjunction with the organisation to sign-post service users when required.

Our befrienders are not allowed to become involved in personal care, domestic tasks, administering medication, financial/legal matters or offer formal advice.

- Are you 18 or over with about **an hour a week** to spare to bring a smile to someone and reduce loneliness?
- Are you kind, patient and compassionate with an ability to empathise and engage with individuals regardless of cultural or social background?
- Could make a difference to someone by bringing the outside world in and brightening their day?
- Do you have an ability to work with older individuals with a friendly and enthusiastic approach?

If the above applies to you and you would like to apply or find out more, please get in touch with our **Befriending Coordinator** via email nikki.holt@ageukfs.org.uk or by phone on **01795 532766**

A DBS check and references will be required along with mandatory training.

SCAM WARNING

Electric toothbrush scam emails reported 10,000 times

Action Fraud has received 9,981 reports relating to fake emails purporting to giveaway a free Oral-B IO Series 9 Electric Toothbrush. The emails usually impersonate well-known retailers, such as Boots, and claim that the recipient will receive their free toothbrush if they simply follow the links in the email and complete a feedback form. The links in the emails lead to malicious websites designed to steal personal and financial information.

- If you have any doubts about a message, contact the organisation directly. **Don't** use the numbers or address in the message - use the details from their official website. Your bank (or any other official source) will never ask you to supply personal information via email.

TO STOP FRAUD™

Bank Impersonation/Courier Fraud

We have received reports where victims are being targeted by criminals impersonating their Bank. They will state they are from their Banks Fraud Department and that they are passing them through to the "Fraud Squad" as their Bank account is being used for Fraud. They will ask them to withdraw cash as part of an investigation and to post the money to an address that the criminals supply. The Scam appears all very plausible and is designed to panic the victims into complying with the criminals wishes.

Your Bank or Police will never call like this and ask you to withdraw cash to be posted to an address or to be collected by a courier.

If you get a call like this and are unsure, then STOP. Get their details and then call 159 for your Banks Fraud Department or 101 for the Police but using a different telephone to the one that you were originally called on. If you do not have a different telephone to hand, then wait 5 minutes and ring a family member or friend to ensure the line has been disconnected.

If you think that you may have been a victim of this or any other type of scam, then contact your Bank immediately, which you can do by calling 159 and report it to Action Fraud at www.actionfraud.police.uk or call 0300 123 2040.

HMRC Scams are on the increase

We have received reports recently of criminals impersonating HMRC and telephoning people stating that they owed money for back tax or a fine and that unless paid immediately they would send the Police to arrest them. They will often tell you to pay this by Bank Transfer or to buy gift cards and to call them with the gift card numbers.

It is a SCAM - HMRC would never call you like this and will never threaten you with arrest.

Delivery Scams Happening Now

We have received reports of Kent residents receiving packages addressed to them but found that they contained items that they had not ordered. A short while after the packages were delivered a courier is reported to have re-attended their address to collect the packages, claiming they had been delivered in error and that they will take them back for them.

However, it is a scam. As the criminals have ordered the goods and then arranged delivery to the victim in the victim's name and to the victim's home address, with the criminals then collecting the goods stating that they were delivered by mistake.

The first time the victim knows that there is a problem, is when they are contacted for payment of the goods. Often the items ordered are high value Mobile Phones and Laptops.

If goods are delivered that you have not ordered and are marked with your address, then you should inform the company that sent it and wait for them to send a courier. Always check with them which courier company is making the collection and when they will arrive. If someone knocks on the door claiming to have come to pick it up after it was delivered by mistake, then do not hand the items over.

If you think that you may have been a victim of this or any other type of scam, then contact your Bank immediately, which you can do by calling 159 and report it to Action Fraud at www.actionfraud.police.uk or call 0300 123 2040.
